

No. ENGG/TB/EC/472/2026

30.03.2026

To
The Director,
The Ministry of Environment and Forest & Climate Change,
Integrated Regional Office,
1st Floor, Additional Office Block for GPOA,
Shastri Bhawan, Haddows Road,
Nungambakkam, Chennai – 600006

Sir,

Sub: Submission of six-monthly Environmental Clearance Compliance statement for December 2025 (for the period from April 2025 to September 2025) for “M/s. **Pondicherry Institute of Medical Sciences**- Expansion of Super Specialty Building Basement, OPD Extension 4th & 5th floors, Lecture Hall 2nd and 3rd Floors – Reg.

Ref: EC OBTAINED vide File No.53918/SEIAA/PDY/2016/178, dated: 17/06/2016.

We submit herewith the six monthly Environmental Clearance Compliance statement for “M/s. **Pondicherry Institute of Medical Sciences** - Expansion of Super Specialty Building Basement, OPD Extension 4th & 5th floors, Lecture Hall 2nd and 3rd floors at S.No.7/1, 7/2, 7/3, 7/6, 7/7, 9/2, 9/3, 9/4/ 9/5, 9/5, 9/7, 9/8, 9/9, 9/10, 10/1, 10/2, 10/4, 10/5, 10/6, 11/1, 11/2, 11/3, 11/4,12/1, 122, 12/3, 12/4, 12/5, 12/6, 12/7, 12/8, 12/9, 12/10, 13/3 in **Ganapathichettikulam Village, Oulgaret Taluk, Pondicherry District, Puducherry** for December 2025 along with the supporting documents for your perusal.

Thank you.

Encl: Environment Clearance Compliance Report - December 2025 along with Annexure

Yours faithfully,

JINNY SARAH JACOB
CHIEF ENGINEER
Pondicherry Institute of Medical Sciences
Ganapathichettikulam, Kalapet
Puducherry - 605 014.

Authorized Signatory
(M/s. Pondicherry Institute of Medical Sciences)

Copy to:

- 1) Dr. Shruti Rai Bhardwaj (Scientist 'F')
Compliance and Monitoring Division Indira Paryavaran Bhawan
Ministry of Environment, Forest and Climate Change
Jorbagh Road, Aliganj
New Delhi – 110 003.

- 2) The Member Secretary
Puducherry Pollution Control Committee
III Floor, PHB Building
Anna Nagar
Puducherry – 605 005

SIX MONTHLY ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

EC OBTAINED Vide File No.53918/SEIAA/PDY/2016

For

**“Expansion of Super Specialty Building Basement, OPD Extension 4th &
5th floors, Lecture Hall 2nd and 3rd floors”**

Submitted by

M/s. Pondicherry Institute of Medical Sciences

LIST OF ANNEXURE

S. No	List Of Contents
Annexure 1	Environmental Clearance copy
Annexure 2	Annual health check-up for Contract Staff
Annexure 3	Annual health check-up for Employee
Annexure 4	Biomedical Waste logbook
Annexure 5	Storage of Biomedical waste in coloured bags
Annexure 6	Biomedical waste Training
Annexure 6A	HAZMET Training Photograph
Annexure 7	Medical Camp in various place
Annexure 8	DG set photograph
Annexure 9	Diesel Storage area
Annexure 10	Fire Hydrant system
Annexure 11	Form-V Acknowledgement
Annexure 12	Greenbelt photographs
Annexure 13	Health check-up of housekeeping staffs
Annexure 14	Housing facilities provided for construction workers
Annexure 15	Monitoring report during construction period
Annexure 16	Newspaper Ad
Annexure 17	Parking Photograph
Annexure 18	Rainwater harvesting photograph
Annexure 19	Separate storage area for biomedical waste
Annexure 20	STP Design details
Annexure 21	STP Photograph
Annexure 22	Structural Stability Certificate
Annexure 23	Storm water collection pit
Annexure 24	Storage yard for collection pit
Annexure 25	PUC Certificate
Annexure 26	Attendance sheet for HAZMET Committee
Annexure 27	Groundwater NOC
Annexure 28	Fire NOC
Annexure 29	CTO Copy

Annexure 30	CEA Certificate
Annexure 31	Bio-Medical Authorization
Annexure 32	Latest Monitoring report
Annexure 33	Invoice copy (O&M)
Annexure 34	Agreement copy for Hazardous waste
Annexure 35	EMC organogram

1.0 PROJECT DETAILS

Name of the Project	Expansion of Super Specialty Building Basement, OPD Extension 4th & 5th floors, Lecture Hall 2nd and 3rd floors.
Name of the Proponent	Pondicherry Institute of Medical Sciences
Site Location	7/1, 7/2, 7/3, 7/6, 7/7, 9/2, 9/3, 9/4/ 9/5, 9/5, 9/7, 9/8, 9/9, 9/10, 10/1, 10/2, 10/4, 10/5, 10/6, 11/1, 11/2, 11/3, 11/4,12/1, 122, 12/3, 12/4, 12/5, 12/6, 12/7, 12/8, 12/9, 12/10, 13/3 in Ganapathichettikulam Village, Oulgaret Taluk, Pondicherry District, Puducherry.
EC. No	EC OBTAINED Vide Letter No. No.53918/SEIAA/PDY/2016/178 dated: 17/06/2016 (EC copy enclosed as Annexure - 1)
Total Plot Area	130592 Sq.m
Total Built up Area	61540.90 Sq. m.
Water Requirements	Total Fresh water requirement: 650 KLD (Present water permit is 750KLD) Treated water : 509 KLD Source: Ground water and Rainwater Harvesting structures
Power Requirement	2500 KVA(Source: Puducherry Electricity Department) (DG Set Back up) : 2 No. of 1010 KVA & 1 No. of 750 KVA.
Project Cost	Rs.19 Crores.

2. LOCATION MAP

3.0 SITE PHOTOGRAPHS

4.0 ENVIRONMENTAL CLEARANCE COMPLIANCE STATEMENT

PART A- SPECIFIC CONDITIONS:

I Pre-Construction phase

S.No	CONDITIONS	STATUS OF COMPLIANCE
1.	Consent to Establish shall be obtained from the Puducherry Pollution Control Committee and a copy shall be submitted to the SEIAA, Puducherry before taking up any construction activity at the site.	The project has obtained direct CTO. Renewal of CTO copy is enclosed as Annexure-29
2.	All other necessary statutory clearances as applicable to the project shall be obtained by project proponet it from the concerned competent authorities.	Complied Fire NOC is enclosed as Annexure-28
3.	The approval of the competent authority shall be obtained for structural safety of the buildings during earthquake, adequacy of fire fighting equipment, etc. as per National Building Code including protection measures from lightning etc before commencement of the work.	Complied Structural Stability of the certificate is enclosed as Annexure-22 Fire hydrant room photograph is enclosed as Annexure-10 Lightning arrestor has provided for the project.
4.	All required sanitary and hygienic measures should be in place before starting construction activities and they have to be maintained throughout the construction phase.	Complied

Construction Phase:

S.N O	CONDITIONS	STATUS OF COMPLIANCE
1.	The Project Pro ponent shall strictly follow the guidelines issued vide MoEF&CC Office Memorandum No. 19-2/2013-IA.III dated 09.06.2015 for Sustainable Environmental Management of building and construction projects, in pursuance of Notification No. 3252 (E) dated	Condition noted and accepted.

	22.12.2014 under the EIA Notification, 2006.	
2.	All the labourers engaged for construction should be screened for health and adequately treated before and during their employment on the work at the site.	Complied The labourers employed for the construction work have undergone medical check-ups
3.	The entire water requirement during construction phase shall be met from Puducherry State Ground Water Authority authorised water suppliers.	Complied Water requirement is met through ground water. Ground water NOC is enclosed as Annexure-27
4.	Provision shall be made for the housing labour within the site with all necessary infrastructures and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.	Complied Photograph of Housing facility provided for the workers is enclosed as Annexure-14
5.	A First Aid Room shall be provided in the project site during the entire construction phase of the project.	Noted. As the project is a Hospital, any emergency situation can also be effectively managed within the existing hospital premises.
6.	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. The treatment and disposal of waste water shall be through dispersion trench after treatment through septic tank. The MSW generated shall be disposed through Local Body and the identified dumpsite only.	Complied Drinking water and sanitary facilities has provided to the construction workers. Treated water is used for gardening purpose.
7.	Proper measures should be adopted to control dust emissions during construction phase.	Condition noted and accepted.
8.	The solid waste in the form of excavated earth excluding the top soil generated from the project activity shall be scientifically utilized for construction of approach roads and peripheral roads, as reported.	Condition noted and accepted.
9.	All the top soil excavated during construction activities should be stored for use in horticulture/ landscape development within the project site.	Condition noted and accepted.
10.	Disposal of other construction debris during construction phase should not create any adverse effect on the neighboring communities and be	Condition noted and accepted.

	disposed off only in approved sites, with the approval of Competent Authority with necessary precautions for general safety and health aspects of the people.	
11.	Construction spoils, including bituminous materials and other hazardous materials, must not be allowed to contaminate watercourses. The dump sites for such materials must be secured so that they should not leach into the adjacent land/lake/stream etc.	Condition noted and accepted.
12.	Low Sulphur Diesel shall be used for operating diesel generator sets to be used during construction phase. The air and noise emission shall conform to the standards prescribed in the Rules under the Environment (Protection) Act, 1986, and the Rules framed thereon.	Complied Air and noise monitoring during the construction has carried out and the report is enclosed as Annexure-15
13.	The diesel required for operating stand by DG sets shall be stored in underground tanks and if required, clearance from Chief Controller of Explosives shall be taken.	Noted. The diesel required for operating DG set has been stored in the barrels in as separate area and photograph is enclosed as Annexure-9
14.	Vehicles hired for bringing construction materials to the site should be in good condition and should conform to air and noise emission standards, prescribed by PPCC/CPCB. The vehicles should be operated only during non-peak hours.	Complied Air and noise monitoring during the construction has carried out and the report is enclosed as Annexure-15
15.	Ambient air and noise levels should conform to residential standards prescribed by the CPCB, both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during the construction phase. The pollution abatement measures shall be strictly implemented.	Complied Air and noise monitoring during the construction has carried out and the report is enclosed as Annexure-15
16.	Fly Ash bricks should be used as building material in the construction as per the provision of Fly ash Notification of September, 1999 as amended.	Condition noted and accepted.
17.	Ready-mix concrete shall alone be used in building construction and necessary cube-tests should be conducted to ascertain their quality.	Condition noted and accepted.
18.	Storm Water management around the site and on site shall be established by following the guidelines laid down by the storm water manual.	Complied Storm water drain has provided around the project premises and collected in a collection pit

		Collection pit photograph is enclosed as Annexure-23
19.	Water demand during construction should be reduced by use of premixed concrete, curing agents and other best practices prevalent.	Condition noted and accepted.
20.	Fixtures for showers, toilet flushing and drinking water should be of low flow type by adopting the use of aerators / pressure reducing devices / sensor based control.	Condition noted and accepted.
21.	Use of glass shall be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, high quality double glass with special reflecting coating shall be used in windows.	Condition noted and accepted.
22.	Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material, to fulfill the requirement.	Complied Thermal insulation material is provided on the roof top.
23.	Opaque wall should meet prescribed requirement as per Energy Conservation Building Code which is mandatory for all air conditioned spaces by use of appropriate thermal insulation material to fulfill the requirement.	Complied Opaque wall has provided inside the project premises.
24.	Adequate fire protection equipment and rescue arrangements should be made as per the prescribed standards.	Complied Fire hydrant room photograph is enclosed as Annexure-10
25.	Proper and free approach road for fire-fighting vehicles upto the buildings and for rescue operations in the event of emergency shall be made	Complied Proper and free approach road has provided inside the project premises.
26.	All Energy Conservation Building Code (ECBC) norms have to be adopted.	Condition noted and accepted.
27.	Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects. Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed.	Condition noted and accepted.

28.	Periodical medical examination of the workers engaged in the project shall and records maintained. For the purpose, schedule of health examination of the workers should be drawn and followed accordingly. The workers shall be provided with personnel protective measures such as masks, gloves, boots etc.	Complied Health check-up of the workers was carried out and the copy is enclosed as Annexure-2
29.	A separate environmental management cell with suitable qualified personnel should be set-up under the control of a Senior Executive and the shortfall shall be strictly reviewed and addressed	Complied A separate environmental management cell has setup and the organogram is enclosed as Annexure-35
30.	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to all surroundings'	Condition noted and accepted.
31.	A report on the energy conservation measures conforming to energy conservation prescribed by the Bureau of Energy Efficiency shall be prepared incorporating details about building materials & technology; R & U factors etc and submitted to the State Level Environment Impact Assessment Authority in three months' time.	Being Complied CEA Certificate is enclosed as Annexure-30
32.	The proponent should make separate allocation of funds for the installation and maintenance of proper Pollution Control Measures and the Environmental Measures and earmark separate staff for operation and maintenance of the control system.	Complied We are maintaining separate contract basis for maintenance of proper Pollution Control Measures and the Environmental Measures. Invoice copy is enclosed as Annexure-33

Operation Phase:

S.NO	CONDITIONS	STATUS OF COMPLIANCE
1.	Consent to Operate, Bio-Medical Waste Authorization and Hazardous Waste Authorization shall be obtained from the Puducherry Pollution Control Committee and a copy shall be submitted to the SEIAA, Puducherry before commencement of Operation.	Complied CTO Copy is enclosed as Annexure-29 Bio-medical waste Authorization copy is enclosed as Annexure-31 Hazardous waste agreement copy is enclosed as Annexure-34
2.	The total water requirement shall not exceed 650 KLD. Approval of State Ground Water	Complied Ground water NOC is obtained for 750

	Authority shall be obtained for drawing of Ground Water. Treated waste water shall be reused for toilet flushing and gardening to the maximum extent to reduce fresh water consumption as committed.	KLD and the copy of the NOC is enclosed as Annexure-27 Treated water is used for gardening purpose.
3.	The ground water level and its quality shall be regularly monitored in consultation with State Ground Water Authority.	Complied Regular monitoring has carried out for ground water quality. Latest monitoring report is enclosed as Annexure-32
4.	The Bio medical liquid waste generation shall not exceed 5 KLD and shall be treated in separate EIP. The domestic waste water generation shall not exceed 540 KLD and it shall be treated in the two STPs of capacity 600 KLD and 400 KLD respectively.	Being Complied Liquid waste generated in two STP. STP Photograph is enclosed as Annexure-21
5.	Treated sewage shall be recycled reused for cooling make up water, flushing and horticulture within building premises. 'Zero' effluent discharge shall be adopted and no effluent will be discharged outside the premises.	Being Complied Treated water is used for gardening purpose.
6.	The project proponent shall install STP/ETP as per details furnished.	Complied Liquid waste generated in two STP. STP Photograph is enclosed as Annexure-21
7.	The installation of the Sewage Treatment Plant (STP) / Effluent Treatment Plant (ETP) should be certified by an independent expert and a report in this regard should be submitted to SEIAA before the project is commissioned for operation. Treated waste water shall conform to the norms and standards of the Puducherry Pollution Control Committee. Necessary measures should be made to mitigate the odour and mosquito problem from STP.	Complied STP design details is obtained from New Dawn Water Engineering and the copy is enclosed as Annexure-20 STP photograph is enclosed as Annexure-21 STP monitoring report is enclosed as Annexure-32
8.	The treated waste water shall be analyzed through NABL/MOEF accredited lab and report shall be submitted every month to SEIAA and PPCC.	Complied Regular monitoring of treated water is carried out and the latest monitoring report is enclosed as Annexure-32
9.	The Proponent shall operate STP continuously by providing standby DG set in case of power failure.	Complied Centralized DG sets were provided for the project activity. DG set photograph is enclosed as

		Annexure-8
10.	The gaseous emissions from DG set shall be dispersed through adequate stack height as per CPCB standards. Low Sulphur Diesel shall be used as fuel.	Complied One acoustic-enclosed DG set was provided, and the other two were installed in an enclosed room with adequate stack to mitigate noise and air pollution. DG set photographs is enclosed as Annexure-8
11.	Acoustic enclosure shall be provided to the DG sets to mitigate the noise pollution.	Complied One acoustic-enclosed DG set was provided, and the other two were installed in an enclosed room with adequate stack to mitigate noise and air pollution. DG set photographs is enclosed as Annexure-8
12.	The Bio Medical Waste shall not exceed 9170 Kgs/month and shall be disposed to Puducherry Pollution Control Committee authorized Bio Medical Waste disposal facility.	Condition noted and accepted. Bio-Medical waste generated is disposed to authorized recyclers. Bio-Medical Authorization copy is enclosed as Annexure-31.
13.	The project proponent shall take all necessary steps to ensure that bio-medical waste is handled without any adverse effect to human health and the environment and in accordance with the Bio-Medical Waste Management Rules, 2016.	Being Complied Biomedical waste generated is properly disposed of by collecting it in a separate storage yard in colour-coded bags. A photograph of the yard and the colour-coded bags is enclosed as Annexure-19 and Annexure-5
14.	The existing Bio-Medical Waste storage room shall be improved to maintain proper hygienic condition and to avoid outbreaks.	Complied Biomedical waste generated is properly disposed of by collecting it in a separate storage yard in colour-coded bags. A photograph of the yard and the colour-coded bags is enclosed as Annexure-19 and Annexure-5
15.	The project proponent shall make a provision within the premises for a safe, ventilated and secured location for storage of segregated biomedical waste in colored bags or containers in the manner as specified in Schedule I of the Bio-Medical Wastes Management Rules, 2016 to ensure that there shall be no secondary handling,	Being Complied Biomedical waste generated is properly disposed of by collecting it in a separate storage yard in colour-coded bags. A photograph of the yard and the colour-coded bags is enclosed as Annexure-19 and Annexure-5

	<p>pilferage of recyclables or inadvertent scattering or spillage by animals and the bio-medical waste from such place or premises shall be directly transported in the manner as prescribed in these rules to the common bio-medical waste treatment facility or for the appropriate treatment and disposal, as the case may be, in the manner as prescribed in Schedule I of the said rules.</p>	
16.	<p>The Project Proponent shall pre-treat the laboratory waste, microbiological waste, blood samples and blood bags through disinfection or sterilization on-site in the manner as prescribed by the World Health Organization (WHO) or National AIDS Control Organization (NACO) guidelines and then send to the common bio-medical waste treatment facility for final disposal.</p>	<p>Being Complied Biomedical waste generated is properly disposed of by collecting it in a separate storage yard in colour-coded bags. A photograph of the yard and the colour-coded bags is enclosed as Annexure-19 and Annexure-5</p>
17.	<p>The Project Proponent shall phase out use of chlorinated plastic bags, gloves and blood bags before end of March 2018.</p>	<p>Condition noted and accepted.</p>
18.	<p>The Project Proponent shall dispose of solid waste other than bio-medical waste in accordance with the provisions of respective waste management rules made under the relevant laws and 'amended from time to time.</p>	<p>Being Complied Solid waste generated is stored in a separate yard and disposed properly. Photograph of separate storage yard for solid waste is enclosed as Annexure-24</p>
19.	<p>The Project Proponent shall not dispose treated bio-medical waste with municipal solid waste.</p>	<p>Condition noted and accepted.</p>
20.	<p>A committee shall be constituted with Medical Superintendent as Head to monitor the effective implementation of Bio-Medical Waste Rules and proper training shall be given to all the staffs involved and records to be maintained.</p>	<p>Being Complied Training photograph is enclosed as Annexure-6 HAZMET committee attendance sheet is enclosed as Annexure-26</p>
21.	<p>The Project Proponent shall provide training to all its health care workers and others, involved in handling of bio medical waste at the time of induction and thereafter at least once every year and the details of training programmes conducted, number of personnel trained and number of personnel not undergone any training shall be provided in the Annual report.</p>	<p>Complied Regular training is given to the employee and photograph is enclosed as Annexure-6</p>
22.	<p>The Project Proponent shall immunize all its health care workers and others, involved in handling of bio medical waste for protection</p>	<p>Being Complied Annual check-up for all the employees is being carried out and report is</p>

	against diseases including Hepatitis B and Tetanus that are likely to be transmitted by handling of bio-medical waste, in the manner as prescribed in the National Immunization Policy or the guidelines of the Ministry of Health and Family Welfare issued from time to time.	enclosed as Annexure-3
23.	The Project Proponent shall establish a Bar-Code System for bags or containers containing bio-medical waste to be sent out of the premises or place for any purpose before end of March 2017.	Condition noted and accepted.
24.	The Project Proponent shall ensure segregation of liquid chemical waste at source and ensure pre-treatment or neutralization prior to mixing with other effluent generated from health care facilities. The Project Proponent shall ensure treatment and disposal of liquid waste in accordance with the Water (Prevention and Control of Pollution) Act, 1974 (6 of 1974).	Being Complied Liquid waste generated is treated through STP. STP photograph is enclosed as Annexure-21
25.	The Project Proponent shall ensure occupational safety of all its health care workers and others involved in handling of bio-medical waste by providing appropriate and adequate personal protective equipment.	Being Complied Annual check-up for all the employees is being carried out and report is enclosed as Annexure-3
26.	The Project Proponent shall conduct health check up at the time of induction and at least once in a year for all its health care workers and others involved in handling of bio- medical waste and maintain the records for the same.	Being Complied Annual check-up for all the employees is being carried out and report is enclosed as Annexure-3
27.	The Project Proponent shall maintain and update on day to day basis the bio-medical waste management register and display the monthly record on its website according to the bio-medical waste generated in terms of category and colour coding as specified in Schedule I of the Bio-Medical Waste Management Rules, 2016.	Being Complied Log book is being maintained for biomedical waste and photograph of log book is enclosed as Annexure-4
28.	The Project Proponent shall report major accidents including accidents caused by fire hazards, blasts during handling of bio-medical waste and the remedial action taken and the records relevant thereto, (including nil report) in Form I to the Puducherry Pollution Control Committee and also along with the annual report.	Condition noted and accepted.

29.	The project proponent shall make available the annual report on their website.	Will be Complied
30.	The Project Proponent shall establish a system to review and monitor the activities related to bio-medical waste management, either through an existing committee or by forming a new committee and the Committee shall meet once in every six months and the record of the minutes of the meetings of this committee shall be submitted along with the annual report to the Puducherry Pollution Control Committee.	Being Complied HAZMET Committee has formed and met every six months. Committee meeting photograph and attendance sheet is enclosed as Annexure-6A and attendance sheet is enclosed as Annexure-26
31.	Solid waste shall be properly collected, segregated and disposed as per Solid Waste Management Rules, 2016.	Condition noted and accepted.
32.	Organic waste shall be treated in Biogas plant and the gas generated shall be used as fuel for cooking.	Not applicable
33.	Noise should be controlled to ensure that it does not exceed the prescribed standards. During night time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.	Will be complied
34.	The green belt of adequate width and density preferably with local species along the periphery of the plot shall be raised so as to provide protection against particulates and noise. Species with large potential for carbon capture shall be planted in the proposed green belt area.	Complied A good stretch of greenbelt is developed and maintained around the project premises and the photograph is enclosed as Annexure-12
35.	Rain water harvesting for roof run-off and surface run-off, as plan submitted should be implemented. Adequate number of sumps shall be constructed for roof top rainwater harvesting so that 100% of the harvested water shall be reused. Before recharging the surface run off, pre-treatment with screens, settlers etc. must be done to remove suspended matter, oil and grease, etc. The Proponent shall provide adequate number of borewells/percolation pits/ etc. as committed. The borewells/ percolation pits/ etc. for rainwater recharging should be kept at least 5 mts. above the highest ground water table.	Complied Rainwater collected around the project premises is collected in wells. Rainwater harvesting facility photograph is enclosed as Annexure-18

36.	Application of solar energy should be incorporated for illumination of common areas, lighting for gardens and street lighting and for water heating to the maximum extent.	Will be complied
37.	Energy conservation measures like installation of CFLs/TFLs for lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLS and TFLs should be properly collected and disposed of /sent for recycling as per the prevailing guidelines / rules of the regulatory authority to avoid mercury contamination.	Complied LED lights were provided around the project premises.
38.	The Plastic wastes shall be segregated and disposed as per the provisions of Plastic Waste Management Rules, 2016.	Condition noted and accepted.
39.	The e-waste generated should be collected and disposed to a nearby authorized e-waste centre as per the E-waste Management Rules, 2016.	Condition noted and accepted.
40.	Traffic congestion near the entry and exit points from the roads adjoining the proposed. project site shall be avoided. Parking shall be fully internalized and no public space. should be utilized. Parking plan to be as per MOEF & CC norms. The traffic department shall be consulted and any cost effective traffic regulative facility shall be met before commissioning.	Complied Parking facility has provided for the workers and the photograph is enclosed as Annexure-17 .
41.	A First Aid Room shall be provided during operation of the project, with necessary equipments and life- saving medicines and should be manned all the 24 hours any day.	Noted. As the project is a Hospital, any emergency situation can also be effectively managed within the existing hospital premises.
42.	The buildings should have adequate distance between them to allow free movement of fresh air and passage of natural light, air and ventilation.	Complied The buildings have adequate distance between them to allow free movement of fresh air.
43.	A separate environmental management cell with suitable qualified personnel should be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.	Complied A separate environmental management cell has setup and the organogram is enclosed as Annexure-35
IV Entire life of the Project:		
1.	Renewal of Consent to Operate, Bio-Medical Waste Authorization and Hazardous Waste Authorization shall be obtained from the Puducherry Pollution Control Committee from time to time and a copy shall be submitted to the SEIAA, Puducherry.	Condition noted and accepted.

2.	The various returns to be filed under the Water (Prevention and Control of Pollution) Cess Act, 1977, Bio-Medical Waste Management Rules, 2016 and Hazardous and Other Waste (Management and Transboundary Movement) Rules, 2016 shall be submitted regularly and shall also be put in the web site of the Institution.	Will be complied
3.	The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the Puducherry Pollution Control Committee as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the SEIAA and respective Regional Offices of MOEF & CC by e-mail.	Complied Environmental statement in form-V is submitted to the PPCC and the acknowledgement copy is enclosed as Annexure-11
4.	The Project Proponent will be responsible for operation and maintenance and implementation of all the environmental safeguards for the project.	Condition noted and accepted.
5.	Environmental Cell shall remain functional to supervise and monitor all the environmental aspects of the project.	Complied A separate environmental management cell has setup and the organogram is enclosed as Annexure-35
6.	The proponent shall strictly adhere to the Environment Sustainability and Corporate Social Responsibility (CSR) related guidelines of the OM No. J-11013/25/2014-IA.I dated 11.08.2014 by the Ministry of Environment and Forests, Government of India with respect to the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014. Concerns of the communities being affected by the project are to be responded on priority and all possible CSR is to be rendered to make the responses effectively beneficial.	Being complied Medical Camps is being organized to nearby villages and towns. Photograph of medical camp is enclosed as Annexure-7
Other Specific Conditions:		
1.	The Environmental Clearance issued shall be subject to final order of the Hon'ble Supreme Court of India in the matter of Civil Appeal No.	Condition noted and accepted.

	7191-7192/2015 as may be applicable to this project and decision of any Competent Court to the extent applicable.	
2.	Since the construction has been commenced without obtaining Prior Environmental Clearance, as already intimated by SEIAA, Puducherry Pollution Control Committee shall take credible action against the Project Proponent by invoking powers under Section 19 of the Environment (Protection) Act, 1986 for taking necessary legal action under Section 15 of the Act for the period for which the violation has taken place.	Condition noted and accepted.

General Conditions:

S.NO	CONDITIONS	STATUS OF COMPLIANCE
i)	The project authorities should advertise with basic details at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of clearance. The press releases shall also mention that a copy of the clearance letter is available with the Puducherry Pollution Control Committee and also at website of SEIAA, Puducherry. The copy of the press release should be forwarded to the Regional Office of the Ministry of Environment and Forests located at Chennai and SEIAA, Puducherry.	Complied Newspaper Copy is enclosed as Annexure-16
ii)	The Project Proponent shall submit a copy of EC to the District Collector's Office, Tehsildar's Office, Office of the concerned Commune Panchayat Municipality, Puducherry Pollution Control Committee and District Industries Centre who in turn shall display it at the office for 30 days. The copy of the Environmental Clearance letter shall be displayed on the website of the Puducherry Pollution Control Committee.	Complied We have already submitted the Environmental Clearance copy to the local body. However, we are unable to produce the acknowledgment copy as a considerable amount of time has passed since the submission
iii)	The clearance letter shall also be put on the website of the Institution by the proponent.	Will be complied
iv)	The applicant shall remit one time processing fee to be prescribed by the SEIAA in course of time	Condition noted and accepted.

	towards the EC processing fee for the proposal which will be intimated later.	
v)	The environment safeguards and monitoring schedule as contained in the EMP should be implemented in letter and spirit & there will be no departure from the final project proposal as approved herein.	Condition noted and accepted.
vi)	The funds earmarked for environmental protection measures shall be kept in separate account and shall not be diverted for other purpose. Year-wise expenditure shall be reported to the SEIAA.	Will be complied
vii)	Officials from the Regional office of MOEF & CC, SEIAA and Puducherry Pollution Control Committee who would be monitoring the implementation of environmental safeguards should be given full cooperation, facilities and documents/ data by the project proponents during their inspection. A complete set of all the documents submitted to SEIAA should be forwarded to the Regional office of MOEF & CC and Puducherry Pollution Control Committee.	Condition noted and accepted.
viii)	The project proponent shall submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the Regional office of MOEF & CC, SEIAA and the PPCC. This shall also be put on the website of the company / organization by the proponent.	Condition noted and accepted.
ix)	In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by SEIAA.	Condition noted and accepted.
x)	The SEIAA reserves the right to add additional safeguard measures subsequently, if found necessary, and to take action including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.	Condition noted and accepted.
xi)	All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil	Complied Fire NOC is enclosed as Annexure-28

	Aviation Department, Forest Conservation Act, 1980 and Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponents from the respective competent authorities.	
xii)	These stipulations would be enforced among others under the provisions of Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and control of Pollution) act 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification, 2006,	Condition noted and accepted.
xiii)	Any appeal against this clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Condition noted and accepted.

5.0 ENVIRONMENTAL MONITORING DETAILS

5.1 Ambient Air Quality Monitoring

The Ambient Air Quality parameters such as suspended particulate matter (PM₁₀), Respirable matter (PM_{2.5}), Sulphur dioxide, Oxides of Nitrogen (NO_x) and Carbon monoxide were monitored. The test report of ambient air quality is attached as **Annexure - 32**.

5.2 Sewage Quality Monitoring

Sewage water quality is being monitored and the test report of sewage water quality is enclosed in **Annexure -32**.

5.3 Ground water monitoring

Ground water quality is being monitored and the test report of water quality is enclosed in **Annexure -32**.

6.0 CONCLUSION

1. The environmental monitoring was carried out at site.
2. All the conditions stipulated in Environmental Clearance are being complied.

Director (DSTE) /
Member Secretary (SEIAA)

File No: 53918/SEIAA/PDY/2016/ 178

dated **17 JUN 2016**

To
The Chairman,
Pondicherry Institute of Medical Sciences
Kalathumettupathai, Ganapathichettikulam,
Village No.20, Kalapet, Puducherry - 605 014

Sir,

Sub: SEIAA, Puducherry - Expansion of Super Specialty Building - Basement, OPD Extension - 4th & 5th floors, Lecture Hall - 2nd and 3rd floors of M/s. Pondicherry Institute of Medical Sciences - Environmental Clearance - Issued - Reg.

This has reference to your Proposal No. SIA/PY/MIS/53918/2016 dated 19.05.2016 submitted to the State level Environment Impact Assessment Authority (SEIAA), Government of Puducherry for grant of Environmental Clearance (EC) in terms of the provisions of the Environment Impact Assessment (EIA) Notification, 2006 under the Environment (Protection), Act, 1986.

2. The details of the project, as per the documents submitted by the Project Proponents (PP) and also as informed during the SEAC / SEIAA meetings, are reported to be as under:-
 - i) The proposal involves Expansion of Super Specialty Building - Basement, OPD Extension - 4th & 5th floors, Lecture Hall - 2nd and 3rd floors of Pondicherry Institute of Medical Sciences, Puducherry at Survey Nos. 7/1, 7/2, 7/3, 7/6, 7/7, 9/2,

9/3, 9/4, 9/5, 9/6, 9/7, 9/8, 9/9, 9/10, 10/1, 10/2, 10/4, 10/5, 10/6, 11/1, 11/2, 11/3, 11/4, 12/1, 12/2, 12/3, 12/4, 12/5, 12/6, 12/7, 12/8, 12/9, 12/10, 13/3 in Ganapathichettikulam Village, Oulgaret Taluk, Pondicherry District, Puducherry.

- ii) The total plot area is 130592 Sq. mts. The existing built up area is 55575.73 Sq.mts. and the built up area of the proposed additional construction is 5965.21 Sq.mts. Total built up Area is 61540.94 Sq. mts.
- iii) The capacity of the hospital is proposed to be increased from existing 640 beds to 900 beds i.e. 260 beds additional.
- iv) **Water Requirement:** The daily requirement of fresh water will be 650 KLD. Treated waste water of 509 KLD will be reused for flushing and gardening. The source of fresh water is from groundwater and rainwater harvesting structures.
- v) **Waste Water Management:** The sewage of 540 KLD generated from domestic & flushing during the operation phase will be treated up to the tertiary level in Sewage Treatment Plants (STP) of 400 KLD & 600 KLD capacity and reused for toilet flushing and greenbelt development. About 268 KLD water will be recycled for toilet flushing and 241KLD will be used for greenbelt.
- vi) **Rain Water Harvesting:** Rain water from roof tops will be drained through rain water vertical down take pipes. These vertical down take pipes shall be located at suitable locations inside the shafts or periphery of the building. The terrace will be sloped. The down take pipes will be connected to the storm water network and then to Rainwater Harvesting Pits. Roof top harvesting is also proposed.
- vii) **Solid Waste Management:** The generation of biodegradable waste is estimated to be 337.5 Kgs./day and it is proposed to be treated in Bio-methanation Plant. The generation of inorganic waste is estimated to be 412.5 Kgs./day and it is proposed to be disposed off through authorized recyclers. The STP sludge - 50 Kgs./day will be used as manure within the campus. Bio-medical 9170 Kgs./month - disposed to Puducherry Pollution Control Committee authorized Bio Medical Waste disposal facility at Thuthipet.
- viii) **Parking:** The campus has parking area for 400 cars and 600 two wheelers. 6 Ambulance are parked near the portico of the emergency building.

- ix) **Energy Requirement:** The present power consumption is 1500 KVA. Additional power requirement would be 2000 KVA. This will be sourced from Puducherry Electricity Department. The energy saving measures would include use of solar energy for external lighting and water heaters, use of LED & CFL lamps, Energy Efficient appliances and timer switches and maximum utilization of natural light.
- x) **D.G. Sets:** 2 D.G Sets of capacity 1010 KVA and 750 KVA are existing. 1 D.G Sets of capacity 2000 KVA is proposed to be provided for power backup in case of power failure.
- xi) **Risk Management:** The project falls under seismic zone II according to the Indian Standard Seismic Zoning Map. However suitable seismic coefficients in horizontal and vertical directions will be adopted while designing the structures.
- xii) **SCZMA Recommendation:** Not required as the project does not fall under Coastal Regulation Zone.
- xiii) **Wildlife issues:** It is not located within 10 km of Eco-Sensitive areas.
- xiv) **Forests land:** No diversion of forest land in the project.
- xv) **Benefits of the project:** Employment opportunities will increase for the local people. infrastructure facilities like, road, water, transport, power, communication, education, health care by way of increase in additional income for the surrounding people.
- xvi) **Project Cost:** The total cost of the project is Rs. 19 Crores

3. The proposal was considered by the State Level Expert Appraisal Committee (SEAC) in the 19th meeting held on 30.05.2016 and 31.05.2016 and recommended to SEIAA, Puducherry for grant of Environmental Clearance. The proposal was considered by SEIAA, Puducherry in the 15th Meeting held on 03.06.2016 and after detailed discussion the Authority decided to grant Environmental Clearance based on the recommendations of SEAC. Accordingly, Environmental Clearance is accorded to the above project under the provisions of EIA Notification, 2006 subject to the following Specific and General conditions:

AL

PART A – SPECIFIC CONDITIONS:**I. Pre-Construction phase**

1. Consent to Establish shall be obtained from the Puducherry Pollution Control Committee and a copy shall be submitted to the SELAA, Puducherry before taking up any construction activity at the site.
2. All other necessary statutory clearances as applicable to the project shall be obtained by project proponent from the concerned competent authorities.
3. The approval of the competent authority shall be obtained for structural safety of the buildings during earthquake, adequacy of fire fighting equipments, etc as per National Building Code including protection measures from lightning etc before commencement of the work.
4. All required sanitary and hygienic measures should be in place before starting construction activities and they have to be maintained throughout the construction phase.

II. Construction Phase

1. The Project Proponent shall strictly follow the guidelines issued vide MoEF&CC Office Memorandum No. 19-2/2013-IA.III dated 09.06.2015 for Sustainable Environmental Management of building and construction projects, in pursuance of Notification No. 3252 (E) dated 22.12.2014 under the EIA Notification, 2006.
2. All the labourers engaged for construction should be screened for health and adequately treated before and during their employment on the work at the site.
3. The entire water requirement during construction phase shall be met from Puducherry State Ground Water Authority authorised water suppliers.
4. Provision shall be made for the housing labour within the site with all necessary infrastructures and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
5. A First Aid Room shall be provided in the project site during the entire construction phase of the project.
6. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. The treatment and disposal of waste water shall be through dispersion trench after treatment through septic tank. The MSW generated shall be disposed through Local Body and the identified dumpsite only.
7. Proper measures should be adopted to control dust emissions during construction phase.
8. The solid waste in the form of excavated earth excluding the top soil generated from the project activity shall be scientifically utilized for construction of approach roads and peripheral roads, as reported.
9. All the top soil excavated during construction activities should be stored for use in horticulture/ landscape development within the project site.

10. Disposal of other construction debris during construction phase should not create any adverse effect on the neighboring communities and be disposed off only in approved sites, with the approval of Competent Authority with necessary precautions for general safety and health aspects of the people.
11. Construction spoils, including bituminous materials and other hazardous materials, must not be allowed to contaminate watercourses. The dump sites for such materials must be secured so that they should not leach into the adjacent land / lake / stream etc.
12. Low Sulphur Diesel shall be used for operating diesel generator sets to be used during construction phase. The air and noise emission shall conform to the standards prescribed in the Rules under the Environment (Protection) Act, 1986, and the Rules framed thereon.
13. The diesel required for operating stand by DG sets shall be stored in underground tanks and if required, clearance from Chief Controller of Explosives shall be taken.
14. Vehicles hired for bringing construction materials to the site should be in good condition and should conform to air and noise emission standards, prescribed by PPCC/CPCB. The vehicles should be operated only during non-peak hours.
15. Ambient air and noise levels should conform to residential standards prescribed by the CPCB, both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during the construction phase. The pollution abatement measures shall be strictly implemented.
16. Fly- Ash bricks should be used as building material in the construction as per the provision of Fly ash Notification of September, 1999 as amended.
17. Ready-mix concrete shall alone be used in building construction and necessary cube-tests should be conducted to ascertain their quality.
18. Storm water management around the site and on site shall be established by following the guidelines laid down by the storm water manual.
19. Water demand during construction should be reduced by use of premixed concrete, curing agents and other best practices prevalent.
20. Fixtures for showers, toilet flushing and drinking water should be of low flow type by adopting the use of aerators / pressure reducing devices / sensor based control.
21. Use of glass shall be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, high quality double glass with special reflecting coating shall be used in windows.
22. Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material, to fulfill the requirement.
23. Opaque wall should meet prescribed requirement as per Energy Conservation Building Code which is mandatory for all air conditioned spaces by use of appropriate thermal insulation material to fulfill the requirement.
24. Adequate fire protection equipments and rescue arrangements should be made as per the prescribed standards.
25. Proper and free approach road for fire-fighting vehicles upto the buildings and for rescue operations in the event of emergency shall be made.
26. All Energy Conservation Building Code (ECBC) norms have to be adopted.

27. Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects. Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed.
28. Periodical medical examination of the workers engaged in the project shall be carried out and records maintained. For the purpose, schedule of health examination of the workers should be drawn and followed accordingly. The workers shall be provided with personnel protective measures such as masks, gloves, boots etc.
29. A separate environmental management cell with suitable qualified personnel should be set-up under the control of a Senior Executive and the shortfall shall be strictly reviewed and addressed.
30. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to all surroundings.
31. A report on the energy conservation measures conforming to energy conservation norms prescribed by the Bureau of Energy Efficiency shall be prepared incorporating details about building materials & technology; R & U factors etc and submitted to the State Level Environment Impact Assessment Authority in three month's time.
32. The proponent should make separate allocation of funds for the installation and maintenance of proper Pollution Control Measures and the Environmental Measures and earmark separate staff for operation and maintenance of the control system.

III. Operation Phase/Post Construction Phase:

1. Consent to Operate, Bio-Medical Waste Authorization and Hazardous Waste Authorization shall be obtained from the Puducherry Pollution Control Committee and a copy shall be submitted to the SEIAA, Puducherry before commencement of Operation.
2. The total water requirement shall not exceed 650 KLD. Approval of State Ground Water Authority shall be obtained for drawing of Ground Water. Treated waste water shall be reused for toilet flushing and gardening to the maximum extent to reduce fresh water consumption as committed.
3. The ground water level and its quality shall be regularly monitored in consultation with State Ground Water Authority.
4. The Bio medical liquid waste generation shall not exceed 5 KLD and shall be treated in separate ETP. The domestic waste water generation shall not exceed 540 KLD and it shall be treated in the two STPs of capacity 600 KLD and 400 KLD respectively.
5. Treated sewage shall be recycled / reused for cooling make up water, flushing and horticulture within building premises. 'Zero' effluent discharge shall be adopted and no effluent will be discharged outside the premises.
6. The Project Proponent shall install STP / ETP as per details furnished.
7. The installation of the Sewage Treatment Plant (STP) / Effluent Treatment Plant (ETP) should be certified by an independent expert and a report in this regard should be submitted to SEIAA before the project is commissioned for operation. Treated waste water shall conform to the norms and standards of the Puducherry Pollution Control

- Committee. Necessary measures should be made to mitigate the odour and mosquito problem from STP.
8. The treated waste water shall be analysed through NABL / MoEF accredited lab and report shall be submitted every month to SEIAA and PPCC.
 9. The Proponent shall operate STP continuously by providing stand by DG set in case of power failure.
 10. The gaseous emissions from DG set shall be dispersed through adequate stack height as per CPCB standards. Low Sulphur Diesel shall be used as fuel.
 11. Acoustic enclosure shall be provided to the DG sets to mitigate the noise pollution.
 12. The Bio Medical Waste shall not exceed 9170 Kgs./month and shall be disposed to Puducherry Pollution Control Committee authorized Bio Medical Waste disposal facility.
 13. The project proponent shall take all necessary steps to ensure that bio-medical waste is handled without any adverse effect to human health and the environment and in accordance with the Bio-Medical Waste Management Rules, 2016.
 14. The existing Bio-Medical Waste storage room shall be improved to maintain proper hygienic condition and to avoid outbreaks.
 15. The project proponent shall make a provision within the premises for a safe, ventilated and secured location for storage of segregated biomedical waste in colored bags or containers in the manner as specified in Schedule I of the Bio-Medical Wastes Management Rules, 2016 to ensure that there shall be no secondary handling, pilferage of recyclables or inadvertent scattering or spillage by animals and the bio-medical waste from such place or premises shall be directly transported in the manner as prescribed in these rules to the common bio-medical waste treatment facility or for the appropriate treatment and disposal, as the case may be, in the manner as prescribed in Schedule I of the said rules.
 16. The Project Proponent shall pre-treat the laboratory waste, microbiological waste, blood samples and blood bags through disinfection or sterilization on-site in the manner as prescribed by the World Health Organization (WHO) or National AIDs Control Organization (NACO) guidelines and then send to the common bio-medical waste treatment facility for final disposal.
 17. The Project Proponent shall phase out use of chlorinated plastic bags, gloves and blood bags before end of March 2018.
 18. The Project Proponent shall dispose of solid waste other than bio-medical waste in accordance with the provisions of respective waste management rules made under the relevant laws and amended from time to time.
 19. The Project Proponent shall not dispose treated bio-medical waste with municipal solid waste.
 20. A committee shall be constituted with Medical Superintendent as Head to monitor the effective implementation of Bio-Medical Waste Rules and proper training shall be given to all the staffs involved and records to be maintained.
 21. The Project Proponent shall provide training to all its health care workers and others, involved in handling of bio medical waste at the time of induction and thereafter at least once every year and the details of training programmes conducted, number of personnel

AI

trained and number of personnel not undergone any training shall be provided in the Annual Report.

22. The Project Proponent shall immunize all its health care workers and others, involved in handling of bio-medical waste for protection against diseases including Hepatitis B and Tetanus that are likely to be transmitted by handling of bio-medical waste, in the manner as prescribed in the National Immunization Policy or the guidelines of the Ministry of Health and Family Welfare issued from time to time.
23. The Project Proponent shall establish a Bar-Code System for bags or containers containing bio-medical waste to be sent out of the premises or place for any purpose before end of March 2017.
24. The Project Proponent shall ensure segregation of liquid chemical waste at source and ensure pre-treatment or neutralization prior to mixing with other effluent generated from health care facilities. The Project Proponent shall ensure treatment and disposal of liquid waste in accordance with the Water (Prevention and Control of Pollution) Act, 1974 (6 of 1974).
25. The Project Proponent shall ensure occupational safety of all its health care workers and others involved in handling of bio-medical waste by providing appropriate and adequate personal protective equipments.
26. The Project Proponent shall conduct health check up at the time of induction and at least once in a year for all its health care workers and others involved in handling of bio-medical waste and maintain the records for the same.
27. The Project Proponent shall maintain and update on day to day basis the bio-medical waste management register and display the monthly record on its website according to the bio-medical waste generated in terms of category and colour coding as specified in Schedule I of the Bio-Medical Waste Management Rules, 2016.
28. The Project Proponent shall report major accidents including accidents caused by fire hazards, blasts during handling of bio-medical waste and the remedial action taken and the records relevant thereto, (including nil report) in Form I to the Puducherry Pollution Control Committee and also along with the annual report.
29. The Project Proponent shall make available the annual report on their web-site.
30. The Project Proponent shall establish a system to review and monitor the activities related to bio-medical waste management, either through an existing committee or by forming a new committee and the Committee shall meet once in every six months and the record of the minutes of the meetings of this committee shall be submitted along with the annual report to the Puducherry Pollution Control Committee.
31. Solid waste shall be properly collected, segregated and disposed as per Solid Waste Management Rules, 2016.
32. Organic waste shall be treated in Biogas plant and the gas generated shall be used as fuel for cooking.
33. Noise should be controlled to ensure that it does not exceed the prescribed standards. During night time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.
34. The green belt of adequate width and density preferably with local species along the periphery of the plot shall be raised so as to provide protection against particulates and

noise. Species with large potential for carbon capture shall be planted in the proposed green belt area.

35. Rain water harvesting for roof run-off and surface run-off, as plan submitted should be implemented. Adequate number of sumps shall be constructed for roof top rainwater harvesting so that 100% of the harvested water shall be reused. Before recharging the surface run off, pre-treatment with screens, settlers etc. must be done to remove suspended matter, oil and grease, etc. The Proponent shall provide adequate number of borewells / percolation pits/ etc. as committed. The borewells / percolation pits/ etc. for rainwater recharging should be kept at least 5 mts. above the highest ground water table.
36. Application of solar energy should be incorporated for illumination of common areas, lighting for gardens and street lighting and for water heating to the maximum extent.
37. Energy conservation measures like installation of CFLs/TFLs for lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLs and TFLs should be properly collected and disposed off / sent for recycling as per the prevailing guidelines / rules of the regulatory authority to avoid mercury contamination.
38. The Plastic wastes shall be segregated and disposed as per the provisions of Plastic Waste Management Rules, 2016.
39. The e - waste generated should be collected and disposed to a nearby authorized e-waste centre as per the E-waste Management Rules, 2016.
40. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site shall be avoided. Parking shall be fully internalized and no public space should be utilized. Parking plan to be as per MoEF & CC norms. The traffic department shall be consulted and any cost effective traffic regulative facility shall be met before commissioning.
41. A First Aid Room shall be provided during operation of the project, with necessary equipments and life- saving medicines and should be manned all the 24 hours any day.
42. The buildings should have adequate distance between them to allow free movement of fresh air and passage of natural light, air and ventilation.
43. A separate environmental management cell with suitable qualified personnel should be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.

IV. Entire Life of the Project:

1. Renewal of Consent to Operate, Bio-Medical Waste Authorization and Hazardous Waste Authorization shall be obtained from the Puducherry Pollution Control Committee from time to time and a copy shall be submitted to the SEIAA, Puducherry.
2. The various returns to be filed under the Water (Prevention and Control of Pollution) Cess Act, 1977, Bio-Medical Waste Management Rules, 2016 and Hazardous and Other Waste (Management and Transboundary Movement) Rules, 2016 shall be submitted regularly and shall also be put in the web site of the Institution.

AI

3. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the Puducherry Pollution Control Committee as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the SEIAA and respective Regional Offices of MoEF & CC by e-mail.
4. The Project Proponent will be responsible for operation and maintenance and implementation of all the environmental safeguards for the project.
5. Environmental Cell shall remain functional to supervise and monitor all the environmental aspects of the project.
6. The proponent shall strictly adhere to the Environment Sustainability and Corporate Social Responsibility (CSR) related guidelines of the OM No. J-11013/25/2014-IA.I dated 11.08.2014 by the Ministry of Environment and Forests, Government of India with respect to the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014. Concerns of the communities being affected by the project are to be responded on priority and all possible CSR is to be rendered to make the responses effectively beneficial.

V. Other Specific Conditions:

1. The Environmental Clearance issued shall be subject to final order of the Hon'ble Supreme Court of India in the matter of Civil Appeal No. 7191-7192/2015 as may be applicable to this project and decision of any Competent Court to the extent applicable.
2. Since the construction has been commenced without obtaining Prior Environmental Clearance, as already intimated by SEIAA, Puducherry Pollution Control Committee shall take credible action against the Project Proponent by invoking powers under Section 19 of the Environment (Protection) Act, 1986 for taking necessary legal action under Section 15 of the Act for the period for which the violation has taken place.

PART B - GENERAL CONDITIONS:

1. The project authorities should advertise with basic details at least in two local newspaper widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of clearance. The press releases shall also mention that a copy of the clearance letter is available with the Puducherry Pollution Control Committee and also at website of SEIAA, Puducherry. The copy of the press release should be forwarded to the Regional Office of the Ministry of Environment and Forests located at Chennai and SEIAA, Puducherry.
2. The Project Proponent shall submit a copy of EC to the District Collector's Office, Tehsildar's Office, Office of the concerned Commune Panchayat / Municipality, Puducherry Pollution Control Committee and District Industries Centre who in turn shall

display it at the office for 30 days. The copy of the Environmental Clearance letter shall be displayed on the website of the Puducherry Pollution Control Committee.

3. The clearance letter shall also be put on the website of the Institution by the proponent.
4. The applicant shall remit one time processing fee to be prescribed by the SEIAA in course of time towards the EC processing fee for the proposal which will be intimated later.
5. The environment safeguards and monitoring schedule as contained in the EMP should be implemented in letter and spirit & there will be no departure from the final project proposal as approved herein.
6. The funds earmarked for environmental protection measures shall be kept in separate account and shall not be diverted for other purpose. Year-wise expenditure shall be reported to the SEIAA.
7. Officials from the Regional office of MoEF & CC, SEIAA and Puducherry Pollution Control Committee who would be monitoring the implementation of environmental safeguards should be given full cooperation, facilities and documents/ data by the project proponents during their inspection. A complete set of all the documents submitted to SEIAA should be forwarded to the Regional office of MoEF & CC and Puducherry Pollution Control Committee.
8. The project proponent shall submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the Regional office of MoEF & CC, SEIAA and the PPCC. This shall also be put on the website of the company / organization by the proponent.
9. In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by SEIAA.
10. The SEIAA reserves the right to add additional safeguard measures subsequently, if found necessary, and to take action including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.
11. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department, Forest Conservation Act, 1980 and Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponents from the respective competent authorities.
12. These stipulations would be enforced among others under the provisions of Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and control of Pollution) act 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification, 2006.
13. Any appeal against this clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

A

PART C - VALIDITY:

The validity of this Environmental Clearance is for Seven years from the date of issue of EC.

(M.DWARAKANATH)
Member Secretary (SEIAA)
U.T. of Puducherry

ISSUED TO : M/s. Pondicherry Institute of Medical Sciences,
(A Unit of Madras Medical Mission),
Ganapathichettikulam, Kalapet,
Puducherry - 605 014.

T.C Date : 29.11.2014

Party's Ref : Letter dated 25.11.2014

T.C No : CML/14-15/40687

Lab No : 1555747

Date of Receipt : 26.11.2014

Test Completed on: 29.11.2014

Ambient Air Quality Monitoring - Location: Near Main Security Gate

Date of Sampling: 24.11.2014 - 10.30 am to 25.11.2014 - 10.30 am

Relative Humidity: 78%

Ambient Temperature: 29.3°C

S.No.	TEST PARAMETERS	PROTOCOL	RESULTS	CPCB STANDARDS	UNIT
01.	Sulphur dioxide as SO ₂	IS: 5182 Part 2- 2001 (Reaff. 2006)	10.9	80	µg/m ³

மதுராபுரத்தை முன்னிட்டு

பலாயாகம்

முத்தூர் செந்து பூங்காவில் உள்ள மழியம் 1 மாளிக் குளிகள் வேக மத்தியங்கள் ம் தலைமை அரங்கம் திட்டங்கள் யாக குளத்தில் மின் 3 பட்டு புடவைகளை சேர்த்து யாகத்தை நடத்தி வந்தனர். அப்பாற்பு அமிநேகம் 7 நிபந்தனை நடந்தது. b. ஆயிரக்கணக்கான பக் து கொண்டனர். இதற்கான ன சங்கர் குருக்கள் செய் சும்பகோணத்தில் இருந்து 1 பங்கம் இயக்கப்பட்டன.

யளர்த்துக் கொள்ள கவர்னர் அறிவுரை

ஒவ்வொரு மாதமும் பெற்றோர் - ஆசிரியர் சந்திப்பு கூட்டம் நடத்தி வேண்டும். அனைத்து அரசு பள்ளி முதல்வர்களுக்கும் கணினி தொடர் பாண தொழில் நுட்ப பயிற்சி அளிக்கப்படும். பயிற்சியில் பக்கேற்கும் முதல்வர்கள், மாணவர்களுக்கு வழிகாட்டியாக இருக்க வேண்டும். மாணவர்கள் பொது அறிவை வளர்த்துக் கொள்ள, வானொலி செய்திகளை கேட்கவும், செய்தித்தாள்களை படிக்க செய்ய வேண்டும். கல்வி மட்டுமின்றி விளையாட்டு திறமைகளை மாணவர்கள் வளர்த்து கொள்ள, பயிற்சி அளிக்கப்படும். வரும் அக்டோபர் மாதம் மாணவர்களுக்கான விளையாட்டு போட்டிகள் நடத்தப்படும்' என்றார்.

PONDICHERY INSTITUTE OF MEDICAL SCIENCES
(A UNIT OF MADRAS MEDICAL MISSION)
KANAGACHETTIKULAM, KALAPET, PONDICHERY - 14.

The Pondicherry Institute of Medical Sciences is constructing a new block that will house its super speciality services. The block comprises a basement and six floors.

The services that will be relocated to this building are a range of Radiodiagnostic facilities, the Cardiology and Cardiovascular Specialities, the Laboratories and the ICUs and ICCUs, Labour Rooms, NICU, PICU and fourteen modular, state-of-the-Art operation Theatres.

All necessary approvals have been obtained including the Environment Clearance issued by the State Environmental Impact Assessment Authority (SEIAA) on June 17, 2016.

The new facility will make it possible to provide patient care services more efficiently in a more patient-friendly environment.

வருவாய் மற்றும் போடர் மேலாண்மை துறை துணை ஆணையர் (கலால்) அலுவலகம்
புதுச்சேரி, நாள்: 04.07.2016

மறு வல அறிவிப்பு

04.07.2016 அன்று நடைபெற்ற ஏலத்தில் ஏலம் போகாத 37 சாராயக் கடைகள் மற்றும் 30 கள்ளகடைகளின் மறு ஏலம் மாத குத்தகை விலையில் 5% குறைத்து (மொத்தம் 20%) 05.07.2016 அன்று கீழ்க்கண்ட அட்டவணைப்படி "www.auctionindia.com" என்ற வலைதள முகவரியில் நடைபெறும்.

கடைகள்	நேரம்	கொம்புள்
சாராயக்கடைகள்	காலை 10.00 மணி முதல் மதியம் 11.00 மணி வரை அல்லது ஏலம் கேட்பு தொடரும் வரை	அரியாப்புப்பம் பாலர் மண்ணாடிப்பட்டு கடை எண்கள் 1 முதல் 10 வரை (குத்தகை பழப்பிக்கப் படாத மற்றும் ஏலம் போகாத கடைகள் மட்டும்)
	மதியம் 11.30 மணி முதல் மதியம் 12.30 மணி வரை அல்லது ஏலம் கேட்பு தொடரும் வரை	மண்ணாடிப்பட்டு கடை எண்கள் 11 முதல் 24 வரை (குத்தகை பழப்பிக்கப் படாத மற்றும் ஏலம் போகாத கடைகள் மட்டும்)
கள்ளக்கடைகள்	மதியம் 2.00 மணி முதல் 3.00 மணி வரை அல்லது ஏலம் கேட்பு தொடரும் வரை	நெட்டப்பாக்கம் கழுவாக்கரை புதுச்சேரி வில்லியனூர்
		குத்தகை பழப்பிக்கப்படாத மற்றும் ஏலம் போகாத அனைத்து கடைகளும்

ஏலம் நடைபெற உள்ள கடைகளின் விபரங்கள் மேற்கண்ட வலைதள முகவரியிலும் கலால் துறை அலுவலக அறிவிப்பு பக்கையிலும் வெளியிடப்பட்டுள்ளது. சாராயம் மற்றும் கள்ளக் கடைகளின் அமைவிடம், பிணைத்தொகை, 12 மாத குத்தகை, மாத குறைந்தபட்ச ஏலத்தொகை, பொறுப்புறுதி செய்யப்பட்ட சாராயத்தின் அளவு மற்றும் ஏலத்தில் கலந்து கொள்வதற்குத் தேவையான சான்றிதழ் ஆசியவைகளின் விபரங்களையும், ஏல நிபந்தனைகளையும் அறிய கீழ்க்கண்டவாறு வெளியிடப்பட்டுள்ள 22.06.2016 தேதியிட்ட சிறப்பு அறிவிப்பு எண் 97ல் காணவும். ஏலம் கேட்க விழையுபவர், பிணைத் தொகை மற்றும் நொடிப்பில்லா சான்றிதழுடன் கலால் துறையில் 05.07.2016 அன்று காலை 9.30 மணிக்குள் தங்கள் விபரத்தைப் பதிவு செய்துகொள்ளலாம்.

FORM-V

[See Rule12(2)]

CERTIFICATE OF REGISTRATION FOR EXISTING USER OF GROUNDWATER

Registration No.: 434-2025/PGWA/CR/-Renewal/Industrial & Other/2025-26

With reference to his/ her application No. 1315 dated 12-06-2025 M/s. **PONDICHERRY INSTITUTE OF MEDICAL SCIENCES (Near MRI), Kanapathychettikulam, Kalapet, Puducherry 605 014** is hereby granted certificate of registration recognising the use of Tube well located at R.S. No 12/3 at **KALAPET** village of **OULGARET** commune in **PUDUCHERRY** region for **Industrial & Other(Institutional)** purpose, conforming to the following specifications:-

(i) Type of Well	:	Tubewell
(ii) Depth	:	200 Metres
(iii) Diameter	:	200 Millimetres
(iv) Aquifer tapped	:	Limestone and Ottai
(v) Type of Pump installed	:	Submercible
(vi) H.P of the motor pump installed	:	20 H.P.
(vii) No . of hourse operated	:	15Hrs.
(viii) Quantity of groundwater extracted per day	:	750000 Litters / per day
(ix) Quantity of groundwater transported per day	:	0 Litters / per day
(x) Well Status	:	Functioning

2. This certificate is also subject to the following condition :-

- i. The certificate holder should not deviate from the specifications regarding the well above-mentioned.
- ii. The GroundWater Authority or any person duly authorized by it shall have the right to enter and inspect the place with such assistance as may be necessary to satisfy whether the conditions and restrictions specified in this certificate are being complied with.
- iii. The GroundWater Authority, for technical reasons may alter, amend or vary the terms of certificate of registration giving 15 days notice to the certificate holder specifying the reasons.
- iv. The certificate holder should maintain a register in Form - VII - (A) and should upload the monthly report in Form - VIII - (A) appended.

(V) Any other conditions (to be specified)

(a) This certificate is valid till 31-03-2027

(b) The certificate holder should apply for renewal in Form-IV at this authority's

website[<https://pgwa.py.gov.in>],before 90 days its validity period of this Certificate of Registration

(i.e.) on or before 31.12.2026. Otherwise, it will attract a late fee of Rs.1000/-.

(c) A copy of this Certificate of Registration should be kept in the industry and the same has to be shown during the inspection of Government officials.

(d) The daily water consumption register should be strictly and properly maintained in accordance with Form - VII - (A) and a monthly report on consumption of groundwater from the tube well in Form - VIII - (A) should be submitted at this authority's Website [<https://pgwa.py.gov.in>] before 10th day of succeeding month without fail.

(e) the certificate holder should remit the fee for groundwater extraction from this tubewell @ Rs.1.50 (One Rupees Fifty Paise Only) per every 1000 liters of groundwater extraction at this authority office, along with the above said monthly report.

(f) Any deviation / Violation of the above / below if any mentioned conditions will attract penal action as per the sub - section (b) (i) & (ii) of Section 20 of 'The Pondicherry Ground Water (Control & Regulation) Act' [(i) for the first offence with fine which may extend to five thousand rupees; and (ii) for the second and subsequent offence, with imprisonment for a term which may extend to six months, or with fine which may extend to ten thousand rupees, or with both].

(g) This Certificate of Registration will be liable for cancellation, if the certificate holder failed to comply with the conditions stipulated in this Certificate of Registration, as per Sub Section (b) of Section 12 of 'The Pondicherry Ground Water (Control & Regulation) Act, 2002'

h) The hour meter should be fixed in the above said tubewell and should intimate to this office within a month from the date of issuance of this Certificate.

i) The total extraction from all the (4) four permitted tubewells should not exceed 750 KLD in total.

j) The Certificate holder should conduct Annual Water Audit through Confederation of Indian Industries (CII)/Federation of Indian Chamber of Commerce and Industry (FCCI)/National Productivity Council (NPC) certified auditors and submit audit reports within three months to PGWA, Puducherry in the format specified in Annexure - XII as per G.O.Ms.No.2/Ag dated 12.04.2023 of Chief Secretariat (Agriculture), Puducherry.

k) The Certificate holder should mandatorily construct an Observation tube well. Detailed guidelines for Location, Design & Construction of Piezometer / Observations tube well and Monitoring of Ground Water Levels & Quality should be followed as per Annexure - II vide G.O.Ms.No.2/Ag dated 12.04.2023 of Chief Secretariat (Agriculture), Puducherry.

l) The Certificate holder should install all necessary equipment's at the tube well for the installation of Digital Water Flow Meter with Telemetry System, in consultation with this authority within ninety days from the date of issuance of this certificate.

m) G.P.S location of the tubewell: Latitude: 12.047697

Longitude: 79.854658

Place: Pondicherry
Date: 16-06-2025

Signature of Member Secretary
GroundWater Authority

(x) Well Status	:	Functioning

2. This certificate is also subject to the following condition :-

- The certificate holder should not deviate from the specifications regarding the well above-mentioned.
- The GroundWater Authority or any person duly authorized by it shall have the right to enter and inspect the place with such assistance as may be necessary to satisfy whether the conditions and restrictions specified in this certificate are being complied with.
- The GroundWater Authority, for technical reasons may alter, amend or vary the terms of certificate of registration giving 15 days notice to the certificate holder specifying the reasons.
- The certificate holder should maintain a register in Form - VII - (A) and should upload the monthly report in Form - VIII - (A) appended.

(V) Any other conditions (to be specified)

- This certificate is valid till 31-03-2027
- The certificate holder should apply for renewal in Form-IV at this authority's

website[<https://pgwa.py.gov.in>],before 90 days its validity period of this Certificate of Registration (i.e.) on or before 31.12.2026. Otherwise,it will attract a late fee of Rs.1000/-.

(c) A copy of this Certificate of Registration should be kept in the industry and the same has to be shown during the inspection of Government officials.

(d) The daily water consumption register should be strictly and properly maintained in accordance with Form - VII - (A) and a monthly report on consumption of groundwater from the tube well in Form - VIII - (A) should be submitted at this authority's Website [<https://pgwa.py.gov.in>] before 10th day of succeeding month without fail.

(e). the certificate holder should remit the fee for groundwater extraction from this tubewell @ Rs.1.50 (One Rupees Fifty Paise Only) per every 1000 liters of groundwater extraction.at this authority office,along with the above said monthly report.

(f) Any deviation / Violation of the above / below if any mentioned conditions will attract penal action as per the sub - section (b) (i) & (ii) of Section 20 of 'The Pondicherry Ground Water (Control & Regulation) Act [(i) for the first offence with fine which may extend to five thousand rupees; and (ii) for the second and subsequent offence, with imprisonment for a term which may extend to six months, or with fine which may extend to ten thousand rupees, or with both].

(g) This Certificate of Registration will liable for cancellation, if the certificate holder failed to comply with the conditions stipulated in this Certificate of Registration, as per Sub Section (b) of Section 12 of 'The Pondicherry Ground Water (Control & Regulation) Act, 2002'

h) The hour meter should be fixed in the above said tubewell and should intimate to this office within a month from the date of issuance of this Certificate.

i) The total extraction from all the (4) four permitted tubewells should not exceed 750 KLD in total.

j)The Certificate holder should conduct Annual Water Audit through Confederation of Indian Industries (CII)/Federation of Indian Chamber of Commerce and Industry (FCCI)/National Productivity Council (NPC) certified auditors and submit audit reports within three months to PGWA, Puducherry in the format specified in Annexure - XII as per G.O.Ms.No.2/Ag dated 12.04.2023 of Chief Secretariat (Agriculture), Puducherry.

k)The Certificate holder should mandatorily construct an Observation tube well. Detailed guidelines for Location, Design & Construction of Piezometer / Observations tube well and Monitoring of Ground Water Levels & Quality should be followed as per Annexure - II vide G.O.Ms.No.2/Ag dated 12.04.2023 of Chief Secretariat (Agriculture), Puducherry.

l)The Certificate holder should install all necessary equipment's at the tube well for the installation of Digital Water Flow Meter with Telemetry System, in consultation with this authority within ninety days from the date of issuance of this certificate.

m) G.P.S location of the tubewell: Latitude: 12.048163

C.No. 214/FSD/FPW/NOC/2025/ 391
 GOVERNMENT OF PUDUCHERRY
 FIRE SERVICE DEPARTMENT

EoDB Application No. : 193919

Puducherry, dt. 30-04-2025

NO OBJECTION CERTIFICATE

This is to certify that the four storeyed with basement floor (Super Specialty Building Block), six storeyed building (College of Nursing Block) and four storeyed building (Residential Facilities Block) of M/s. **Pondicherry Institute of Medical Sciences (PIMS)** at Ganapathichettikulam, Puducherry was inspected and examined by the officials of this Department. Hence, there is '**No Objection**' from the Fire Service point of view for registration/renewal under the Clinical Establishment (Registration & Regulation) Act, 2010 of the said buildings subject to adherence of following conditions.

1. To comply fully with the codes and Standards for the hospital building at the earliest.
2. To obtain occupancy certificate for the hospital building from the PPA at the earliest.
3. A Fire Fighting Crew shall be constituted with well-trained staff for operation & maintenance of firefighting system and for evacuating non-ambulatory patients at all times.
4. The fixed firefighting installations provided in the building are to be maintained in good working condition.
5. The occupant/fire load of the building shall be maintained properly.
6. The Electrical equipment/appliances are to be maintained as per Codes and Standards for the hospital building.
7. Periodical full-scale mock drill shall be conducted and recorded once in every three months under the supervision of the Fire Service Department.
8. The approved class of occupancy of the building shall not be altered.
9. The setback, corridor passage, staircase, entry and exits shall always be free of any obstruction for easy movement during any emergency.
10. Any structural addition/alteration in the building shall be made with the prior approval of the Competent Authority and Fire Service Department.
11. The Basement has to be used only for parking and free from any other occupancy.

This certificate is valid for one year from the date of issue.

Note: This No Objection Certificate shall be revoked / Cancelled at any time based on the non compliance / non adherence of the stipulated conditions as stated above (or) non-compliance to any of the Statutory Norms in connection with Fire & Life Safety.

To

M M Philip/Others

PONDICHERRY INSTITUTE OF MEDICAL SCIENCES, R.s.no. 10/1, village no.20,
ganapathichettikulam kalapet,oulgaret municipality, pondicherry

SPECIAL CONDITIONS

1. Notwithstanding anything contained in any other Act or Rules or Notifications this clearance is given from pollution angle only.

2. Details of Products and By-products manufactured:

S.No.	Description	Quantity	Unit
a	Main Products manufactured:		
1	HCF with 740 beds		
b.	By-Product		

3. Details of Water Consumption:

Water Requirement for	Quantity in KLD	Water Source
Domestic Use	750.0	borewell
Total	750	

4. The applicant shall have the following outlets with maximum discharge quantities and disposal point as specified in the table for discharge of sewage / trade effluent. Any change in the outlets has to be brought to the notice of the Board and fresh consent has to be obtained if necessary.

Outlet No.	Description of Outlet	Maximum daily discharge in KLD	Point of disposal
1	Sewage	600.0	Gardening

5. The applicant shall provide comprehensive effluent treatment plant consisting of Primary/ Secondary and/or Tertiary treatment as is warranted with reference to influent quality and operate and maintain the same continuously so as to achieve the quality of the treated effluent to the following standards before disposal (If applicable).

S.No	Name	Concentration Standard	Mass standard (if applicable)
1	pH	5.5-9.0	
2	BOD, 3 days, 27 deg.C	30	
3	C.O.D	250	
4	Oil & Grease	10	
5	TDS	2100	
6	Fecal coliform	100	
7	Suspended Solids (mg/l)	200	

6. The applicant shall provide, comprehensive sewage treatment plant as is warranted with reference to influent quality and operate and maintain the same continuously so as to achieve the quality of treated waste water to the following standards before disposal (If applicable):

S.No	Name	Concentration Standard	Mass standard to be complied (if applicable)
------	------	------------------------	--

7. The details of STP / ETP to be provided is as follows:

S.No.	Treatment unit name	No. of unit	Dimension (in meter)
Sewage Treatment Plant Capacity : 1000 KLD			
1	Sewage Treatment Plant	1	.
2	Sewage Treatment Plant	1	.
Effluent Treatment Plant Capacity: 0 KLD			

8. The treated waste water shall be reused within the unit for gardening, toilet flushing and industrial use to the maximum extent possible.

9. The ETP/STP units shall be impervious to prevent ground water pollution.

10. Floor washing shall be admitted into the effluent collection system only and shall not be allowed to find their way in storm drains or open areas. The applicant shall maintain good house keeping both within the factory and in the premises. All pipe valves, sewers, and drains shall be leak proof.

11. The chemical sludge from the ETP shall be properly collected, stored in the HDPE barrel and properly disposed off through authorized person.

12. There shall be no perceptible odour outside the industry's premises.

13. The unit shall provide digital flow meter to the inlet and outlet of the treatment plant and proper records shall be maintained in log book.

14. Separate energy meter shall be provided for the ETP / STP and proper records shall be maintained in log book.

15. The unit shall provide an alternate power source along with separate energy meter for the Effluent Treatment Plant / Sewage Treatment Plant to ensure continuous operation of the Treatment Plant.

16. The applicant shall measure and record the water consumption by fixing up water meter at such places as may be prescribed and shall furnish Water Cess Returns in Form I on or before 5th of

every calendar month under the provisions of Water (Prevention and Control of Pollution) Cess Rules, 1978, if applicable.

17. The applicant shall submit the Environmental Statement in Form V before 30th September every year as per the Rule No.14 of the E(P) Rules, 1986 & Amendments.

18. Specific Conditions:

1. The quantity of wastewater generated shall not exceed 600 KLD. The wastewater shall be treated in the treatment plant and the treated water shall be discharged for gardening, flushing after confirming the discharge Standards stipulated under the Bio-Medical waste Management Rules, 2016.

2. Bio-Medical Waste generated shall be disposed as per the provisions of Bio-Medical Waste Management Rules, 2016.

3. The unit shall not discharge any waste water outside the premises.

4. Validity of consent:

i) This consent is valid for a period of three years (up to 31.08.2026)

5. The condition at Sl.No.6 & 16 of Special condition is not applicable to this unit.

R.s.no. 10/1, village no.20, ganapathichettikulam kalapet,oulgaret municipality, pondicherry

SPECIAL CONDITIONS

1. Notwithstanding anything contained in any other Act or Rules or Notifications this clearance is given from pollution angle only.

2. Details of Products and By-products manufactured:

S.No.	Description	Quantity	Unit
a	Main Products manufactured:		
1	HCF with 740 beds		
b.	By-Product		

3. The applicant shall erect the chimney(s)/stack(s) of the following specifications:

S.No.	Chimney / Stack attached to	Height of the stack in metre	Diameter, m	Volume Nm ³ /hr
1	1X1010KVA	20 mts. above ground level		
2	1X1010KVA	20 mts. above ground level		
3	1 x 750 KVA DG set	15 mts. above ground level		

4. The applicant shall install a comprehensive air pollution control system consisting of control equipment as detailed below and operate and maintain the same continuously so as to achieve the level of pollutants to the following standards:

Chimney / Stack	Control Equipment	Relevant - parameters & standard limits
1X1010KVA	20mts above Ground Level	
1X1010KVA	20mts above Ground Level	
1 x 750 KVA DG set	15mts above Ground Level	

5. The applicant shall observe the following fuel consumption:

S.No	Type of fuel	Maximum quantity /day
1	Diesel (1010 KVA)	0.03
2	Diesel (1010 KVA)	0.03
3	Diesel (750 KVA)	0.02

6. The applicant shall provide ports in the chimney/stack and facilities such as ladder, platform etc. as per requirements for monitoring the air emissions and the same shall be open for inspection and use by the Board's staff. The chimney/stacks attached to various sources of emission shall be designated by numbers such as S-1, S-2 etc. and these shall be painted/ displayed to facilitate identification. The unit shall comply with the guidelines mentioned in Emission Regulation, Part III

published by the CPCB.

7. Interlocking shall be provided with the Process and Pollution Control Systems
8. Separate Energy Meters shall be installed for the Air Pollution Control Systems and proper records shall be maintained in the log book.
9. The proponent shall take measures to comply with the provisions laid down under Noise pollution (Regulation and Control) Amendment Rules, 2010 and control the noise to the prescribed levels.
10. The industry shall take adequate measures for control of noise from its own source so as to comply with the standards as may be applicable. Noise Level should not exceed .. dB (A) and. dB (A) during daytime and night times respectively.
11. DG Sets shall meet the noise and air emission standards prescribed under The Environment (Protection) Rules, 1986 and shall be provided with integral acoustic enclosure. The applicant shall comply with order of Hon,ble National Green Tribunal dated 11.05.2015 in Appeal No. 12(Tsc) of 2013, Original Application No. 17(THC) of 2013 and Original Application No. 32(THC) of 2013 and implement all conditions in the CPCB Guidelines for DG Set. The DG set which are 15 years old or completed 50,000 Hours of Operation shall not be used.
12. The unit shall provide minimum stack height (H) to the DG sets as per the formula $H = h + 0.2 \text{ SQRT}(KVA)$ where KVA= total generation capacity and h= Height of the building where DG set is installed.
13. The Industry shall take appropriate measures to ensure that the ground level concentration shall comply with revised National Ambient Air Quality Standards dated 16.11.2009 notified by MoEF&CC, GOI.
14. There shall not be any perceptible odour outside the industry's premises.
15. Any change in the emission source / process / Air Pollution Control System / fuel shall be brought to the notice of this Authority in writing and fresh consent has to be obtained, as required.
16. The unit shall submit the Environmental Statement in Form V before 30th September every year as per the Rule No.14 of the E(P) Rules, 1986 & Amendments.
17. Specific Conditions:
 1. Bio-Medical waste shall not be stored in the premises beyond 48 hours as per Rule 6(5) and it has to be disposed only through Common Bio-Medical waste Treatment Facility (CBMWTF).
 2. Noise Level should not exceed 65 dB (A) and 55 dB (A) during day and night times respectively.
 3. The unit shall apply in the prescribed format for the Hazardous and Other Wastes (Management and Transboundry Movement) Rules 2016 for the storage and safe disposal of the oil wastes.
 4. The unit shall submit an Environmental Statement for the financial year ending 31st March in Form V prescribed under The Environment (Protection) Rules, 1986, on or before the 30th day of September every year.
 5. The unit shall obtain necessary permission from this authority before installing DG set.
 6. The solid waste generated shall be properly segregated and collected in separate 'bins', Green

bins for biodegradable waste, Blue bins for recyclable waste and Black bins for non-recyclable waste as per Solid Waste Management Rules, 2016 and process the wet waste, recycle the dry waste.

7. Validity of consent:

i) This consent is valid for a period of five years (up to 31.08.2026)

8. The conditions at Sl.No.6,7,8 &10 of Special conditions are not applicable to this unit.

GENERAL CONDITIONS

1. Notwithstanding anything contained in any other Act or Rules or Notifications, this clearance is given from pollution angle only.
2. The applicant shall take all possible measures to create pollution free surroundings.
3. The unit shall obtain for Hazardous Waste Authorisation for waste / used oil and other hazardous wastes generation, storage and disposal under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules 2016.
4. The solid waste generated shall be properly segregated and collected in separate 'bins', Green bins for biodegradable waste, Blue bins for recyclable waste and Black bins for non-recyclable waste as per Solid Waste Management Rules, 2016. Bio degradable wastes shall be treated insitu through Bio gas plant / Bio composting. Inorganic wastes shall be recovered and sent to recyclers and inerts / residual wastes shall be handed over to the respective local body for disposal.
5. The above conditions may be modified or additional ones may be prescribed by this authority from time to time.
6. The applicant shall not undertake any expansion, modifications, diversification, or change of location without prior clearance from this Committee.
7. Puducherry Pollution Control Committee reserves its right and power under Section 27(2) of Water (Prevention and Control of Pollution) Act, 1974 and Section 21(4) of Air (Prevention and Control of Pollution) Act, 1981 to review any or all the conditions imposed herein and to modify, revoke or stipulate additional conditions for the purpose of the Act by the Committee, if conditions of the NOC granted are not fulfilled.
8. This consent order shall be exhibited in the office room and must be made available to the inspecting officers of this Committee.

Extension of Approval for Energisation

Subject: Extension of Approval for Energization of Electrical Installation at Pondicherry Institute of Medical Sciences, No.20, Ganapathichettikulam, Kalapet, Puducherry (List enclosed at Annexure-10 Pages) under Regulation 32 of the Central Electricity Authority (Measures relating to Safety and Electricity Supply) Regulations, 2023

Ref: 1. Online Application No: C/2025/08521 dated 13.01.2025
2. Our Inspection Report: 78/P-385/2025-RIO(S)/1333 dated 29.01.2025
3. Your Compliance report uploaded on 13.02.2025

Whereas the above Electrical installation (List enclosed at annexure- 10 Pages) at Pondicherry Institute of Medical Sciences, No.20, Ganapathichettikulam, Kalapet, Puducherry was inspected by the undersigned on 24.01.2025, 25.01.2025 under regulation 32 of the Central Electricity Authority (Measures relating to Safety and Electricity Supply) Regulations, 2023.

Extension of Approval for Energization of the said Electrical Installation is hereby accorded subject to following conditions by the applicant:

1. Applicant shall ensure to have all other requisite clearances/NOCs from other authorities, as applicable.
2. Adherence to relevant provisions of the Central Electricity Authority (Measures relating to Safety and Electricity Supply) Regulations, 2023 shall be ensured by the applicant for safety during operation and maintenance.

The subsequent periodic inspection of above installation/apparatus/transmission line under Regulation 32 of CEA (Measures relating to safety and Electric Supply) Regulations, 2023 shall be due at an **interval of 05 years from the date of this inspection.**

Next Inspection is due before **23.01.2030**

FORM-III
(See rule 10)

(Authorisation for operating a Health Care Facility for [Generation, Segregation, Collection, Storage, Disposal or destruction use] of bio-medical wastes)

Application No :	495352	Dated :	28/10/2025
Issue Date :	28/10/2025	Valid Date :	31/01/2028

1. **Renewal of authorisation is accorded to M/s. PONDICHERRY INSTITUTE OF MEDICAL SCIENCES**, s.No. 10/1, Village No.20, Ganapathichettikulam Kalapet, Oulgaret Municipality, Pondicherry, Puducherry, Puducherry for [Generation, Segregation, Collection, Storage, Disposal or destruction use] of **Bio-Medical waste** as per the capacity given below:

No. of Beds: 740

Category of waste	Name of the waste	Quantity (kg/day)
Yellow	a) Human Anatomical Waste	
	b) Animal Waste	
	c) Soiled Waste	127.68
	d) Expired or Discarded Medicines	
	e) Chemical Solid Waste	
	f) Chemical Liquid Waste	
	g) Discarded linen, mattresses, beddings contaminated with blood or body fluid	
	h) Microbiology, Biotechnology and other clinical laboratory waste	
Red	Contaminated waste (Recyclable)	107.22
White(Translucent)	Waste sharps including Metals	1.35
Blue	Glassware	24.68
	Metallic Body Implants	
Total		260.930

2. This authorization is valid upto: **31/01/2028**

3. This authorisation is subject to the conditions stated below and to such other conditions as may be specified in the rules for the time being in force under the Environment (Protection) Act, 1986
 - a. **Bio-Medical waste shall not be stored in the premises beyond 48 hours as per Rule 8(7).**
 - b. **Registration shall be obtained from the Directorate of Health and Family Welfare Services, Puducherry.**
 - c. **The authorised person shall submit an Annual Report to the prescribed authority in Form-IV by 30th June every year.**
 - d. **The authorised person shall submit Report on Accident, if any, to the prescribed authority in Form-I.**
 - e. (i) **The Bio-Medical waste should be collected in different coloured non chlorinated bags as per the Schedule-I.**
(ii) **The Label for Bio-Medical Waste container / Bags should be maintained as per Schedule-III**
 - f. **Pre-treat the laboratory waste, microbiological waste, blood samples and blood bags through disinfection or sterilisation on-site in the manner as prescribed by the World Health Organisation(WHO) or National AIDS Control Organisation (NACO) guidelines and then sent to the Common Bio-medical Waste Treatment Facility for final disposal.**
 - g. **Provide training to all its health care workers and others, involved in handling of bio medical waste at the time of induction and thereafter at least once every year and the details of training programmes conducted, number of personnel trained and number of personnel not undergone any training shall be provided in the Annual Report;**
 - h. **Immunise all its health care workers and others, involved in handling of bio-medical waste for protection against diseases.**
 - i. **Ensure segregation of liquid chemical waste at source and ensure pre-treatment or neutralisation prior to mixing with other effluent generated from health care facilities;**
 - j. **Ensure treatment and disposal of liquid waste in accordance with the Water (Prevention and Control of Pollution) Act, 1974 (6 of 1974);**
 - k. **Conduct health check up at the time of induction and at least once in a year for all its health care workers and others involved in handling of bio- medical waste and maintain the records for the same;**
 - l. **Maintain and update on day to day basis the bio-medical waste management register and display the monthly record on its website according to the bio-medical waste generated in terms of category and colour coding as specified in Schedule I;**
 - m. **As per Rule 4(i) of BMWM Rules, 2016, the health care facility must provide a Bar-Code System for Bags.**
4. **Inform the Prescribed Authority immediately in case CBMWTF does not collect the bio-medical waste within the intended time or as per the agreed time;**
5. **Establish a system to review and monitor the activities related to bio-medical waste management.**

Terms and conditions of authorisation

1. **The authorisation shall comply with the provisions of the Bio-medical Waste Management Rules, 2016.**
2. **The authorisation or its renewal shall be produced for inspection at the request of an officer authorised by the prescribed authority.**

3. The person authorized shall not rent, lend, sell, transfer or otherwise transport the biomedical wastes without obtaining prior permission of the prescribed authority.
4. Any unauthorised change in personnel, equipment or working conditions as mentioned in the application by the person authorised shall constitute a breach of his authorisation.
5. It is the duty of the authorised person to take prior permission of the PPCC to close down the facility and such other terms and conditions may be stipulated by the prescribed authority.
6. Solar Water Heater shall be installed in a phased manner within one year.
7. Install Rain Water Harvesting structures to recharge Ground water.
8. Switching over to Energy Efficient lightings and Solar Energy for the heating requirements may be explored.

Specific conditions:

- i) Discarding of liquid samples after analysis from laboratories shall be treated in ETP after disinfecting the same.
- ii) Kitchen waste water & Laundry waste water shall be treated in ETP.
- iii) Bio methanisation from kitchen waste shall be followed.
- iv) Four Nos. of Borewell exist (each of 750KLD). Log book shall be maintained to quantify the amount of water extracted from the existing borewells.
- v) The HCF shall provide separate STP to treat domestic waste water and ETP to treat effluent generated.
- vi) Separate energy meter to be provided for STP & ETP and record shall be maintained
- vii) ETP sludge shall be properly dried and handed over to authorized TSDF having valid agreement with the HCF

AGREEMENT

This agreement is made on this 3rd day of OCTOBER the year Two Thousand and Twenty Three between M/s. PONDICHERRY INSTITUTE OF MEDICAL SCIENCES, GANAPATHICHETTikulam, KALAPET, PUDUCHERRY 605014 (GST No. 34AAATT0433G1ZW), herein after referred to as the ("GENERATOR") FIRST PART (which expression include their successors and assigns, unless such inclusion is inconsistent with the context or meaning thereof)

P. George Thomas
 General Manager - Finance & Administration
 Pondicherry Institute of Medical Sciences
 Kalapet, Pondicherry - 605 014

AND

This document is a self-printed certificate and should be verified at 'www.shcilestamp.com' or using e-Stamp Mobile App and as available on the website/ Mobile App renders it invalid. The user of the certificate is responsible for the registration of the certificate on the users of the certificate. The Competent Authority.

M/s.SANDHIYA ENVIRO TECH SYSTEM, having its factory at No: 3/2A, Ariyur Road, Vedampattu, Thiruvamathur Village, Vikravandi Taluk, Villupuram District,Tamilnadu-605502, (GST : 33AIWPK5926D3Z0) represented by its AUTHORISED SIGNATORY herein after called ("SETS") as the SECOND PART (which expression include their successors and assigns, unless such inclusion is inconsistent with the context of meaning thereof)

WHEREAS the "SETS" is extending an engineered facility to collect Treat, Store and Disposal of Hazardous WASTE generated by the GENERATOR. The facility is situated at No: 3/2A,Ariyur Raod, Vedampattu, Thiruvamathur Village, Vikravandi Taluk, Villupuram District,Tamilnadu-605502, and had been established as per the TNPCB's Consent to Establish Order AND WHEREAS the GENERATOR desire to get their Hazardous WASTE (herein after referred as "WASTE") being generated at their premises collected, treated, stored and disposed off, by utilizing the services of the "SETS".

NOW THEREFORE THESE PRESENTS WITNESSETH AND IT IS HEREBY DECLARED AND AGREED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS:

01. Validity:

The Agreement is valid for a Period of FIVE YEAR effective from 03.10.2023 to 02.10.2028. Same can be renewed on such terms and conditions as may be agreed between the Parties.

This agreement may be terminated by one calendar months' notice by either party in writing at any time within the period mentioned

02. The Scope of service to be provided by the "SETS" is limited to Collect, Transport, Treat, Store and Disposal of Hazardous WASTE of the GENERATOR.

03. The GENERATOR'S obligation for utilizing the facility are to:

Provide details about the WASTE and its characteristics regarding presence of Explosive / Ignitable / Corrosive / Toxic / Odour Compounds in the Transport Manifest (Form - 10) provided to the transporter for safe transportation and disposal and a TREMCARD (Form 9) as per Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016- provided by "GENERATOR" at cost to the transporter of the WASTE.

04. The charges for Collection, Treatment, Storage and / or Disposal (herein after referred as USER CHARGE) will be applicable to GENERATOR / "SETS" Industries mutually agreed between Generator and "SETS".

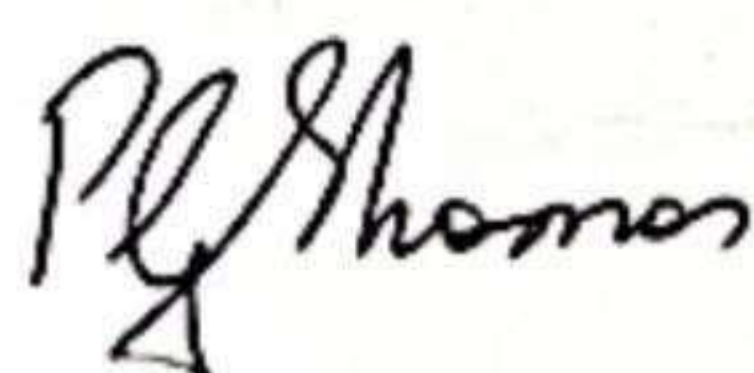

05. "SETS" will collect the WASTE in containers/tank and arrange the transport of such containers from the waste GENERATOR's premises.

06. "SETS" shall collect the WASTE from the GENERATOR's premises within 7 days from the date of receipt of information from the GENERATOR. Safety of community during transportation is prime and thus, Waste transportation Manifest (Form 10) and TREMCARD (Form 9) for every WASTE as per Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016. In the event of false information, all liabilities accrue to GENERATOR

07. "SETS" indemnifies the GENERATOR from all the liabilities associated with Transport, Treatment, Storage and Disposal of Wastes outside the generator's premises, subject to compliance with all the conditions of the agreement

08. The prices, quantity and other charges mentioned in this agreement shall be valid for a period of FIVE YEAR from the date of commissioning of the project. Any revision shall be done as per guidelines arising out of discussion between "SETS" and GENERATOR.

Charges:

P. George Thomas
General Manager - Finance & Administration
Pondicherry Institute of Medical Sciences
Kalapet, Pondicherry - 605 014.

Charges:

- a) GENERATOR will pay the below to SETS for the waste generated
- Wastes (Cotton waste, Filter medium) – Rs. 16 / Kg +GST
 - Transportation for collection of Waste shall be Rs. 4000 per annum.
 - Minimum Billing – 0.5 Tons
 - Agreement Charges per Five year – Rs. 47,200.00/- Inclusive of GST
 - Discount @ 20%
 - Payment terms 7 seven calendar days from the date of invoice or receipt of invoice
 - Loading Generator scope
 - Disposal should be made within six months after commencement of agreement otherwise applicable charges are made in loading payment as penalty as per rules.
