

About Pondicherry

Puducherry (earlier Pondicherry) was a French colony until 1954. Indelible marks of the colonial era are retained even today, with systematic town planning, unique architecture, churches, statues, and a grid of streets with French names, and of course the cuisine and sociocultural opportunities to match. If you are looking for a break and some quality time away from your hectic work schedule, Pondicherry is one of the destinations you should be heading for a change. Give time a break to stay for a while in peaceful Puducherry!

How to get to Pondicherry

PIMS is located at about 14 kms north of downtown Puducherry located at Kalapet on the East Coast Road easily accessible by local buses, autos & taxis. Puducherry is well connected by road and rail. The nearest major airport is located at Chennai at about 150 Kms approximately. Pondicherry also has a domestic airport with flights connecting with Bengaluru and Hyderabad only.

Stays you might want to check out
